

The easiest way to locate a book is to search its ISBN online. Possible websites for books: alibris.com; valore.com; powells.com; textbooks.com; abebooks.com (this is a bookfinder website); amazon.com (does not normally provide edition info); buy.com; half.com; bookfinder.com; allbookstores.com; addall.com. This is by no means a comprehensive list. When a course requires multiple books, each book is listed separately with the course name. If you have any questions, feel free to contact Mrs. Campbell in the registrar's office at 507-451-2710, ext. 275.
